

## Who are Redspire?

Redspire, part of the Incremental Group, is a Microsoft Gold Partner who specialise in digital transformation within Financial Services.

We lead our partners through meaningful digital transformation that revolutionises how they do business.

Specialising in Microsoft Dynamics 365 and The Power Platform, Redspire solve organisational business pain, improve operations and create a unified digital ecosystem that can be constantly enhanced or improved as digital evolves.

When we work with you, we become your dedicated Dynamics partner. Our client base includes Martin Curie, RPMI and Virgin Money.

## Criteria

This offer is open to SMC and Enterprise Microsoft account managed organisations in the Financial Services space.

## Business Benefits

- Reduce internal IT resource pressure and accelerate your Dynamics 365 Migration project
- Understand the new tools and how migrating to Dynamics 365 can improve efficiencies
- Gain insights into the power of Dynamics 365 AI and how they can differentiate your business
- An introduction to the power platform and the limitless power to automate and analyse
- Set clarity on objectives and milestones and align cross departmental upgrade priorities and cost implications from the outset
- Throughout the workshop, we'll create detailed actionable leave-behind reports and plans that can set your migration plans in motion
- Create cost effective plans and set clarity on objectives and milestones for your project
- Meet the Redspire FSI team and build a strong partnership from your very first meeting

If you would like to claim this offer and discuss how Redspire could assist with your Dynamics 365 Migration project with one of our Dynamics 365 Solution Specialists, please provide your details via the link provided.
